DENİZLİ EXPORTERS ASSOCIATION

## About Denizli Exporters Association (DENİB)

In line with increasing Turkish textile products exports after 1980 and increasing number of exporters and producers of textile and apparel in Denizli, Denizli Textile and Apparel Exporters Association was established in 1993 with 107 members to accelerate work flow paralleled with increasing export volume. It has been voice of exporters and contributor of city's economy since its establishment.

Our association is named as Denizli Exporters Association (DENİB) on 4 August 2010 to reflect our city's export performance to public more clearly, to provide easy service to city's exporters within Denizli, to represent city's exports with more strength and activity.

DENİB is one of the 61 exporters associations in Turkey which aims at increase, support and coordination of export to contribute to economic improvement, assisting its members in coordination with Trade Ministry and Turkish Exporters Assembly with its 3.684 members and 30 employees.

DENİB is organizing a trade delegation to UAE in the food industry. B2B Meetings will take place on 18 February 2025 in Dubai with the participation of 9 Turkish manufacturers.

With extensive experience in the food sector since 1989, our company entered the poultry meat sales and marketing industry in 2004. In 2007, we expanded in to poultry meat processing and doner production. By 2014, we had increased our production capacity by establishing a modern facility of 2,500 sqm in compliance with international food standards. Combining traditional methods with advanced technology, our cooked and baton chicken doner products are marinated with our unique blend of spices. We source our raw materials from halal - certified suppliers and produced them in strict adherence to hygiene and quality standards under ISO 9001 and ISO 22000 quality management systems. At Ayanoglu Meat and Dairy Products, we prioritize customer satisfaction with our professional team. Our goal is to make a difference in the industry with innovative and sustainable production methods, offering high-quality, reliable, and delicious products to our valued business partners.

Biriz Nuts began its commercial life in 1974 by selling raw chickpeas and producing roasted chickpeas in the plant which Mustafa Çolak established in Serinhisar, Denizli. Hamza Colak, one of the representatives of the second generation of the family, established Biriz Nuts as a limited company in 2007 in Serinhisar. Afterwards, the factory which was established in 2010, on an area of 3.500 m2 in Merkezefendi County accelerated our brand's activities with the annual production and sales of 10.000 tons/year.

All manner of tests, analyzes and controls are applied in hygienic and healthy conditions in accordance with international food regulations on the plantation of sunflower sifting and packaging which is founded in 2013 on an area of 16.000 m2 and that has 20.000 tons/year volume in order to increase capacity which is equipped with latest technology.

Biriz Nuts processes freshest products taken directly from farmers in impeccable way, makes them ready to consume and presents them to their customers.90% of our products are exported to Balkans, Europe, Federation of Russia, North African and Asian countries.

# CALISKAN

# TABLE

# 3

CALISKAN TARIM URUNLERI LTD STI is one of the biggest spice, herbs, essential oils and wild mushrooms producer of Turkiye located in Denizli city. Today, it exports to more than 60 countries and offers its products also to Turkish market. Today it has BRC certification for its entire product portfolio. Traceability is strictly applied from purchasing, production and shipment to ensure the highest standard in food safety and hygiene. It has separate facilities for each group of products.

**Products: Spices and Herbs : Laurel leaves, Sage, Oregano, Thyme, Rosemary, Sumac, Lavender, Linden, Cumin, Anise, Poppy seeds, Nigella Essential oils : Rose oil, Oregano, Laurel leaf, Sage, Nigella, Juniper Wild mushrooms : Morel, Boletus, Chanterelles, Trumpet, Truffle, Lactarius**

#### QUALITY ASSURANCE & CONTROL

Caliskan Tarim operates with BRC, ISO 22000, Organic, Halal, Kosher quality and Good agriculture practices. The QA team works to provide analysis and tests of the products from purchase to the shipment. QA is committed to supplying pure and safe products that match the high expectations of the buyers.

The quality assurance analyses and administers :  
HACCP - GMP - Allergen control - Traceability -  
3rd party audits - Customer Audits - Local authorities audits

We do physical and chemical analyses according to the requirements of BRC standards in-house.

- Purity
- Calibration
- Bulk Density & Bulk Index
- Aroma, Color, View
- Moisture
- Volatile oil
- Total Ash
- Acid insoluble ash

Other analyses are conducted in partnership with accredited laboratories :

- Pyrrolizidine alkaloids (PAAs)
- Polycyclic aromatic hydrocarbons (PAHs)
- Pesticide Residues
- Heavy Metals
- Microbiological Tests
- (Total Plate Count, Coliform, E.Coli, Staphylococcus aureus, Yeast and Mould, Salmonella, Bacillus cereus)

#### ORGANIC PRODUCTS

Caliskan Tarim cooperates with premium spice and food companies from Europe and North America in organic products. Our organic projects start with a strict contract for specific spices and herbs. We grow organic crops on land that has been free from the use of synthetic fertilizers, growth regulators, insecticides or herbicides for at least three years. We educate farmers to compost, rotate crops and interplant ground covers to control pests and weeds and replenish the soil.

#### Organic Products Range:

- Bay leaves (leaves, pieces, ground)
- Oregano (leaves-ground)
- Sage (leaves-ground)
- Thyme (Thymus vulgaris) (leaves-ground-seed product)

- Bay Leaves Oil
- Oregano Oil
- Sage Oil
- Thyme Oil

#### STEAM STERILISATION

Sterilisation is a process used to make a reusable medical device free from viable microbes, including bacterial spores and viruses. We supply our customers steam sterilized spices and herbs guaranteed microbiological parameters. Each sterilized product is analysed microbiologically before shipment. Total plate count (TPC), Yeast and Mold, E-Coli, Salmonella, Coliform

CALISKAN TARIM URUNLERI LTD STI's name CALISKAN comes from its founder Nihat Caliskan who started trading in the 1960s. The company is established in Denizli and became a registered company in 1994. Today, it exports to more than 60 countries and offers its products also to Turkish market.

The product range started with the production of aromatic herbs and it has expanded product range with the advantage of the diversity and abundance of natural agricultural products in Denizli and around region. It has separate facilities for each group of products: Herbs, Seeds, Essential Oils

Aiming at quality, good agricultural practices and food safety since the day it was founded, the company succeeded ISO 22000 certification in the 2000s and today has BRC certification for its entire product portfolio. Traceability is strictly applied from purchasing, production and shipment to ensure the highest standard in food safety and hygiene.

#### Philosophy

To Perform production in accordance with international standards based on BRC criteria  
To provide our customers the advantage of quick access to natural agricultural products of the region  
To please our customers with the finest Turkish products native to Turkey, processed under the strictest quality and safety requirements available
